DAN EVANS

Transport & Route Manager

I discovered the charity by chance, after a world record attempt between Scotty's and the fire service charity. Being from a family entirely of armed forces, it was a charity close to the heart and it's an honour to now be part of the fundraising team and a player for Scotty's pigs rugby team. Being able to support Dom on his epic challenge is an amazing opportunity but also a thank you, as he was there for me in my dark times during a marathon challenge and also through a bad injury and the rehab.
